## What's New for FY 2011 and Other Pertinent Reminders?

- The FY 2011 formula grant awards will be disbursed through the Automated Standard Application for Payment System (ASAP) operated by the Department of Treasury's Financial Management Service. All FY 2009 and prior formula grant awards will continue to be disbursed via the Payment Management System (PMS) operated by the Department of Health and Human Services (DHHS). Applicants can receive instructions on how to access ASAP and how to inform NIFA, Financial Operations Division (FOD) of their account number to use to make disbursements by sending e-mail to the ASAP Customer Service at [ASAPCustomerService@nifa.usda.gov](mailto:ASAPCustomerService@nifa.usda.gov)
  
- There will be two submissions in FY 2011:
  - Initial – For an estimated amount (see Appendix A) based on the FY 2010 allocation amounts.
  - Final – Based on the actual appropriated amount for FY 2011 and actual formula distribution for FY 2011. The tentative release date is within 45 days of the enactment of the FY 2011 Appropriations Act.
  
- No Standard Form (SF) 424-A, Budget Information for Non-Construction Programs, and no Budget Narrative Attachment Form are required for either the initial or final submissions for FY 2011.
  
- The Application Package for the initial or final submissions will include:
  - Application for Federal Assistance, Standard Form (SF) 424-R&R (Research and Related) (Required)
  - NIFA Supplemental Information Form (Required)
  - *NIFA will use the Supplemental Information Form to capture all necessary attachments for this initial submission of the SF 424 R&R application (i.e., matching waiver requests, Key Contacts (via pdf attachment)).*
  - NIFA will **NOT** be using the Key Contacts Form. That information will be captured through the SF 424 R&R. Please refer to instructions in this FGO for more detailed information. NIFA will be capturing the information for three key contacts, and each organization will determine who those individuals are.
    - Block 5 should reflect the person responsible for fiscal/financial issues.
    - The AOR must have the authority to represent and bind the organization for any agreement.
    - The name of the Project Director will be reflected on the NIFA-2009, and it is suggested that the Research Director would be an appropriate person.
  - NIFA plans to issue all FY-2011 Formula Grants on the NIFA-2009 form. This form is also used to issue non-formula grants.

- Effective October 1, 2010, formula grantees are not required to submit a quarterly SF-425, Federal Financial Report (previously SF 272) to NIFA. Formula Grantees **ARE** required to submit an annual SF 425 (previously SF-269), Financial Status Report. ## **PART I—FUNDING OPPORTUNITY DESCRIPTION**

### **A. Legislative Authority and Background**

The Renewable Resources Extension Act (Public Law 95-306 (92 Stat. 349, 16 U.S.C. 1671 et seq.)) established the Renewable Resources Extension Act Program in 1978. This law provides the basis for Federal funding for extension activities associated with fish, wildlife, and water resources on private forest and rangelands and for renewable resource education programs at State Land-Grant Institutions established under the Morrill Act of July 2, 1862, as amended; the Hatch Act of March 2, 1887, as amended; the Morrill Act of August 30, 1890, as amended, including Tuskegee University; and other State-supported colleges and universities offering graduate training in the sciences basic to forestry and having a forestry school.

States are eligible for funds appropriated under this Act according to the respective capabilities of their private forests and rangelands for yielding renewable resources and relative needs for such resources identified in the periodic Renewable Resource Assessment provided for in section 3 of the Forest and Rangeland Renewable Resources Planning Act of 1974 and the periodic appraisal of land and water resources provided for in section 5 of the Soil and Water Resources Conservation Act of 1977.

In FY 2007, the former CSREES conducted a Grants.gov pilot for the solicitation of one of the Formula Programs, the McIntire-Stennis Cooperative Forestry Program. Under this pilot the institutions were required to submit a SF-424M Application (Cover Page Form), CSREES Supplemental Form, and Key Contacts Form through Grants.gov. Please note that this application package replaced the forms/information solicited each year by the CSREES Office of Extramural Programs and did not duplicate the information being collected under the Current Research Information System (CRIS). CSREES implemented this process for all CSREES Formula Programs in FYs 2008 and 2009 thereafter by NIFA due to the mandated reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA). Under this law, the U.S. Office of Management and Budget (OMB) was required to develop and maintain a public searchable data base for all Federal financial assistance awards, and Federal agencies are required to report specific data elements which will be collected via these applications (e.g., Dun and Bradstreet data Universal Numbering (DUNS) numbers, legal name of institution, legal address, and congressional district). OMB makes this information available at <http://www.usaspending.gov>.

In FY 2011, although NIFA will require both an initial submission (estimated amounts based on the 2010 Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriation Act) and a final submission (based on the actual appropriated amount for FY 2011 and the actual formula distribution for FY 2011), NIFA will not require the following forms for FY 2011 for either submission:

- Standard Form (SF) 424-A, Budget Information for Non-Construction Programs
- Budget Narrative Attachment Form

Please note that the submission of this application package does not change the following:

- Delegated authorities of the Extension Director or 1890 Extension Administrator
- How funds are managed at your institution; and
- Indirect costs and tuition remission are unallowable costs

Guidelines for the administration of this program are published as Chapter III, Financial Operations, of the Administrative Handbook for Cooperative Extension Work, which may be accessed at <http://www.nifa.usda.gov/business/awards/formula/manuals/coopextension.pdf>.

Please note that any instructions in this FGO supersede policies and procedures identified in this manual. In 2011 NIFA will be revising this manual and will promulgating administrative provisions for this program through rulemaking which includes a public comment period.

## **B. Purpose and Priorities**

**The purpose of this funding is to assist states in carrying out an extension program designed to assist forest and range landowners and managers in making resource management decisions based on research findings. Forest and rangeland resources include vegetation, water, fisheries and wildlife, soil, and recreation. RREA priorities are described in the RREA Strategic Plan for FY 2005-2009-Extended for FY 2010 and FY 2011, [http://www.csrees.usda.gov/nea/nre/in\\_focus/forests\\_if\\_rrea.html](http://www.csrees.usda.gov/nea/nre/in_focus/forests_if_rrea.html)**

## **PART II—AWARD INFORMATION**

### **A. Available Funding**

This FGO is being released prior to the passage of an Appropriations Act for FY 2011. Enactment of additional Continuing Resolutions or an Appropriations Act may affect the availability or level of funding for this program. Subject to any 2011 Continuing Resolutions, funds will be distributed to the institutions on a quarterly basis and according to the amounts allocated in FY 2010. Adjustments will be made to the allocations for FY 2011 once the FY 2011 appropriations are finalized. See Appendix A.

RREA funds are expected to be fully expended in the fiscal year of appropriation; however current policy allows 50 percent of the prior fiscal year allocation to be carried over into the next fiscal year. These carryover funds must be fully expended by September 30 of the following year. However, waiver requests may be considered and approved. Requests should be submitted to the Office of Grants and Financial Management (OGFM) contact identified in Part VII.

### **B. Types of Submission**

In FY 2011, pre-award form submissions must be submitted to the RREA Program as a “new” application on the [www.grants.gov](http://www.grants.gov) website. As noted previously, these application packages complement, rather than duplicate, the information collected via the Current Research Information System (CRIS), and together satisfy all legislative and regulatory pre-award requirements.

Specific project details and pertinent information should be entered in the Current Research Information System (CRIS) as in prior years. CRIS is the U.S. Department of Agriculture's documentation and reporting system for ongoing agricultural, food and nutrition, and forestry research and education. CRIS contains over 30,000 descriptions of current, publicly-supported research and education activities. This work is sponsored or conducted by the USDA research agencies, the State Agricultural experiment stations, the State Land-Grant Institutions and universities, State schools of forestry, cooperating schools of veterinary medicine, and USDA grant recipients. See Part VI.C. for specific CRIS requirements.

### **C. Project Types**

This FGO is being released prior to the passage of an Appropriations Act for FY 2011. Enactment of additional Continuing Resolutions or an Appropriations Act may affect the availability or level of funding for this program. Applicants should request funding in the amounts listed in Appendix A to this announcement. Subject to the availability of funds, NIFA will fund the RREA program in FY 2011 for Plans of Work approved/revised/extended for FY 2011. The RREA Program Manager, Eric Norland, [enorland@nifa.usda.gov](mailto:enorland@nifa.usda.gov) has provided POW extension/revision instructions to each institution's RREA contact. Projects must be comprised of the delivery of extension education programs dealing with forest and rangeland resources. NIFA has extended the current RREA Strategic Plan for FYs 2010 and 2011 while

the strategic plan for FYs 2012-2016 is developed in collaboration with state partners. The Strategic Plan, as extended, serves as the framework for focusing the RREA funds on the following strategic issues: (a) forest stewardship and health; (b) rangeland stewardship and health; (c) wildlife and fisheries resources; (d) invasive species; (e) economic opportunities for individuals and communities; (f) public policy; and (g) land conversion, fragmentation, and parcelization. For additional information about each of these strategic issues, see the RREA Strategic Plan at <http://rreaprograms.net/Planning/Denver/Plan/>.

Additionally, grantees may conduct educational events and individual meetings with forest and range landowners and managers, citizens, landowners, and community leaders concerning forest, range, fish, and wildlife based income-generating opportunities; hold educational events and individual meetings with citizens and community leaders concerning forest, range, fish and wildlife policy issues, alternatives, and potential outcomes; conduct educational events and individual meetings with landowners and managers on options to minimize land-use conversion of forest and rangelands when ownership changes; or conduct educational events and individual meetings with minority forest and range landowners and managers about rangeland technology or management practices.

## **PART IV—SUBMISSION INFORMATION**

### **A. Address to Request Formula Grants Opportunity Package**

Only electronic applications may be submitted via Grants.gov to NIFA in response to this FGO.

Prior to preparing an application, it is suggested that the State Extension Director or 1890 Administrator, or his or her designee, first contact an Authorized Representative (AR) to determine if the organization is prepared to submit electronic applications through Grant.gov. If the organization is not prepared, the AR should see [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp) for steps for preparing to submit applications through Grants.gov.

The State Extension Director or 1890 Administrator, or his or her designee, also must contact the institution's AR in order to be granted permission for the submission of applications through Grants.gov. Once that permission is granted, the State Extension Director or 1890 Administrator, or his or her designee, can obtain a login and password.

The steps to access application materials are as follows:

1. In order to access, complete and submit applications, applicants must download and install a version of Adobe Reader compatible with Grants.gov. This software is essential to apply for NIFA Federal assistance awards. For basic system requirements and download instructions, please see [http://www.grants.gov/help/download\\_software.jsp](http://www.grants.gov/help/download_software.jsp). To verify that you have a compatible version of Adobe Reader, Grants.gov established a test package that will assist you in making that determination. Grants.gov Adobe Versioning Test Package: <http://www.grants.gov/applicants/AdobeVersioningTestOnly.jsp>.
2. The application package must be obtained via Grants.gov, go to <http://www.grants.gov>, click on "Apply for Grants" in the left-hand column, click on "Step 1: Download a Grant Application Package and Instructions," enter the funding opportunity number "USDA-NIFA-OP-003395" in the appropriate box and click "Download Package." From the search results, click "Download" to access the application package.

**If assistance is needed to access the application page** (e.g., downloading or navigating PDF forms, using Adobe with a Macintosh computer), refer to the resources available on the Grants.gov Web site first (<http://www.grants.gov>). Grants.gov assistance is also available as follows:
