PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

The Omnibus Appropriations Act, 2009 (P.L. No. 111-8) provides funds for the retirement costs of the former Schedule A Appointments at the 1862 land-grant institutions. These funds are allocated to the 1862 land-grant institutions with former Schedule A Appointments based on each institution's relative share of the total payments to OPM during the previous year.

The separate allocation of funds for this purpose is being phased out over a 10-year period, beginning in FY 2008. The amount available for this program is reduced each year by \$376,826 and this same amount is added to the funds available for distribution under the Smith-Lever Act, Section 3(b) and (c), statutory formula.

The Schedule A 213.3113 (a) (1) was issued by the U.S. Office of Personnel Management (OPM) for the United States Department of Agriculture (USDA) to employ individuals in the Cooperative Extension Service (CES) as a joint appointment between USDA and the land-grant institution. The official title of Schedule A appointees includes the title Agent (e.g., Agent/Cooperative Extension Director; Agent/Cooperative Extension Educator) as by law only agents with a Schedule A appointment were eligible to participate in the Federal benefit plan(s).

Employment is dependent upon an individual's appointment in the CES at the university. The appointment must be a regular position with at least 50 percent of the staff's time dedicated to extension projects, and the appointee must work and be paid over a 12 month period.

Agents in the Cooperative Extension program are not classified under the General Schedule (GS) classification system or any other Federal pay system. The positions are classified by the employing land-grant institution, and the salary is established according to policies and procedures at the institution.

The OPM has the authority and responsibility for issuing rules and regulations covering Schedule A appointments and resulting benefits. OPM has delegated to the USDA the responsibility for overseeing and managing Cooperative Extension Schedule A appointments and the accompanying Federal benefits, (e.g., retirement and insurance plans). The Human Resources Division (HRD)/Cooperative Extension Service (CES) Team with Administrative and Financial Management (AFM) of the Agricultural Research Service (ARS) carries out this function for USDA.

Effective January 31, 2003, the authority to grant Schedule A Excepted Appointments to CES employees was terminated. Public Law 107-171, Farm Security and Rural Investment Act of 2002, dated May 13, 2002, Section 7220, terminated the Schedule A appointing authority used by USDA to grant a companion Federal appointment and Federal benefits to state/university employees of the Cooperative Extension Service. The law allowed the CES Federal appointees that were employed on the day before the date of the enactment of the Act, (i.e., May 12, 2002), to: a) continue to accrue Federal creditable service for retirement; and b) participate in the

following benefits as long as the employees continued their employment with the Cooperative Extension Service:

- 1) The Federal Employees Health Benefits Program (FEHB);
- 2) The Federal Employees' Group Life Insurance Program (FEGLI);
- 3) The Civil Service Retirement System (CSRS);
- 4) The Federal Employee Retirement System (FERS);
- 5) The Thrift Savings Plan (TSP); and
- 6) The Federal Long Term Care Insurance Program (FLTCIP).

The Federal Office of Workers Compensation Program (OWCP) is the only Federal program that will not continue as it is not a program that the dual appointee was vested in. Claims already on file with the Department of Labor (DOL) Office of Workers Compensation Office will continue to be processed by the DOL. Using a formula based in the prior year's injury or illness claims, CSREES will pay these claims on behalf of each institution and charge that institution by reducing its annual retirement allocation by the amount remitted. If the amount of claims paid exceeds the institution's annual retirement allocation, CSREES will bill the institution for any OWCP costs in excess of the annual retirement allocation.

Changes and new features for the current Federal Benefits programs such as FEHB, FELGI, TSP and FLTCIP will be offered to the CES organizations and employees that are eligible to participate in the affected program(s). However, former Federal appointees cannot participate in new Federal benefit programs that were not in effect as of May 12, 2002.

Effective January 31, 2003, CES can no longer grant Schedule A Federal appointments to new employees because they no longer have a Federal appointment authority available to make new Federal appointments. Former CES Schedule A appointees may be reappointed to another CES organization and continue their benefits as long as they do not have a break in service.

In FY 2007, CSREES conducted a Grants.gov pilot for the solicitation of one of the CSREES Formula Programs, the McIntire-Stennis Cooperative Forestry Program. Under this pilot the institutions were required to submit a SF-424M Application (Cover Page Form), CSREES Supplemental Form, and Key Contacts Form through Grants.gov. CSREES is implementing this process for all CSREES Formula Programs in FY 2008 due to the mandated reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA). Under this law, the U.S. Office of Management and Budget (OMB) was required to develop and maintain a public searchable data base for all Federal financial assistance awards, and Federal agencies are required to report specific data elements which will be collected via these applications (e.g., Dun and Bradstreet data Universal Numbering (DUNS) numbers, legal name of institution, legal address, congressional district). OMB makes this information available at <http://www.usaspending.gov>. The law also requires by January 1, 2009, subaward data be made available through the same public website.

Please note that the submission of this application package does not change the following:

- Delegated authorities of the Extension Director or 1890 Extension Administrator
- How funds are managed at your institution
- Indirect costs and tuition remission are unallowable costs

Guidelines for the administration of this program are published as Chapter III, Financial Operations, of the Administrative Handbook for Cooperative Extension Work, which may be accessed at <http://www.csrees.usda.gov/business/awards/formula/manuals/coopextension.pdf>. Please note that any instructions in this FGO supersede policies and procedures identified in this manual. CSREES will be revising this manual and will promulgating administrative provisions for this program through rulemaking which includes a public comment period in 2009.

B. Purpose and Priorities

The purpose of this funding is to defray the FERS retirement costs to the 1862 land-grant institutions for former Schedule A appointees performing agricultural extension work.

PART II—AWARD INFORMATION

A. Available Funding

FY 2009 Federal funding \$3,014,609 will be distributed according to an administrative formula described above. See Appendix A for specific allocations.

FERS Retirement Contributions Program funds are expected to be fully expended in the fiscal year of appropriation: however, funds allocated may be carried over for up to four years from the year end for which they were appropriated.

B. Type of Submission

In FY 2009, pre-award form submissions must be submitted to the FERS Retirement Contributions Program as a “new” application on the www.grants.gov website. As noted previously, these application packages complement, rather than duplicate, the information collected via the Plan of Work (POW) System, and together satisfy all legislative and regulatory pre-award requirements.

C. Project Types

Applicants should request funding at the amounts listed in Appendix A to this announcement. CSREES will fund the FERS Retirement Contributions Program in FY 2009 for FERS retirement costs to the 1862 land-grant institutions.

PART III—ELIGIBILITY INFORMATION

A. Eligible Recipients

Applications may be submitted by 1862 land-grant institutions that are making payments to the U.S. Office of Personnel Management for FERS retirement costs for the former Schedule A Appointments. See Appendix A for the list of eligible institutions.

B. Cost Sharing or Matching

Section 3(e)(1) of the Smith-Lever Act (7 U.S.C. §343(e)(1) states, with regard to institutions in the 50 states, “no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-Federal funds for cooperative extension work.” However, section 3(e)(4) of the Smith-Lever Act (U.S.C. §343(e)(4) provides that “Effective beginning for fiscal year 2003, in lieu of the matching funds requirements of paragraph (1), the insular areas of [American Samoa,] the Commonwealth of Puerto Rico, Guam, [Micronesia, the Northern Marianas Islands,] and the Virgin Islands of the United States shall provide matching funds from non-Federal sources in an amount equal to not less than 50 percent of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. The Secretary may waive the matching fund requirement [of 50 percent] for any fiscal year if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year.”

PART IV—SUBMISSION INFORMATION

A. Address to Request Formula Grants Opportunity Package

Only electronic applications may be submitted via Grants.gov to CSREES in response to this FGO.

Prior to preparing an application, it is suggested that the State Extension Director (ED) or his or her designee, first contact an Authorized Representative (AR) to determine if the organization is prepared to submit electronic applications through Grants.gov. If the organization is not prepared, the AR should see http://www.grants.gov/applicants/get_registered.jsp for steps for preparing to submit applications through Grants.gov.

The State Extension Director or his or her designee, also must contact the institution’s AR in order to be granted permission for the submission of applications through Grants.gov. Once that permission is granted, the State Extension Director or his or her designee, can obtain a login and password.

The steps to access application materials are as follows:

This software is essential to apply for CSREES Federal assistance awards. For basic system requirements and download instructions, please see http://www.grants.gov/help/download_software.jsp. To verify that you have a compatible version of Adobe Reader, Grants.gov established a test package that will assist you in making that determination. Grants.gov Adobe Versioning Test Package: <http://www.grants.gov/applicants/AdobeVersioningTestOnly.jsp>.
2. The application package must be obtained via Grants.gov, go to <http://www.grants.gov>, click on “Apply for Grants” in the left-hand column, click on

(2) Matching

Section 3(e)(1) of the Smith-Lever Act (7 U.S.C. §343(e)(1) states, with regard to institutions in the 50 states, “no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-Federal funds for cooperative extension work.” However, section 3(e)(4) of the Smith-Lever Act (U.S.C. §343(e)(4) provides that “Effective beginning for fiscal year 2003, in lieu of the matching funds requirements of paragraph (1), the insular areas of [American Samoa,] the Commonwealth of Puerto Rico, Guam, [Micronesia, the Northern Marianas Islands,] and the Virgin Islands of the United States shall provide matching funds from non-Federal sources in an amount equal to not less than 50 percent of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. PART VIII—OTHER INFORMATION

A. CSREES' Grants.gov Implementation Plans

CSREES is continuing to develop its capacity to exchange proposal and grant data electronically with its grantees through [Grants.gov](http://grants.gov) and to process, review, and award proposals and grants electronically.

In Fiscal Year (FY) 2007, CSREES conducted a pilot on the submission of the SF-424 Mandatory application package through the Grants.gov website for the McIntire-Stennis Cooperative Forestry Research Program. The pilot was successful as all eligible grantees submitted their applications through Grants.gov.

The Federal Funding Accountability and Transparency Act of 2006 requires all Federal agencies to report monthly to a publicly-accessible website on all Federal assistance awards (including grants). This requirement became effective for all awards made in FY 2007 and thereafter.

As a result, for the FY 2008 (October 1, 2007-September 30, 2008) cycle, CSREES is requiring electronic submission through Grants.gov for all Federal assistance programs (i.e., grants). For more information about CSREES' Grants.gov plans, including important announcements, program implementation details, and detailed requirements, see the CSREES' web site, http://www.csrees.usda.gov/business/other_links/egov/egov.html. The information on these web sites will be updated as appropriate. It is suggested that the sites be visited periodically for important updates.
