PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background
Section 3(d) of the Smith-Lever Act provides that the Secretary of Agriculture may fund extension work in the several states, territories, and possessions. Section 1425 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (as amended) is also known as the Expanded Food and Nutrition Education Program (EFNEP). Section 1425 is codified at 7 U.S.C. 3175. This law provides the basis for federal funding for extension activities associated with disseminating the results of food and nutrition research performed or funded by the U.S. Department of Agriculture to enable low-income individuals and families to engage in nutritionally sound food purchase and preparation practices. Funding extends to EFNEP at State land-grant colleges established under the Morrill Act of July 2, 1862, as amended, and the Morrill Act of August 30, 1890, as amended, including Tuskegee University, West Virginia State University and Central State University.

Section 7116 of the Food, Conservation, and Energy Act of 2008 (FCEA) amended Section 1425 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3175) to accomplish the following:

Notwithstanding section 3(d) of the Smith-Lever Act of May 8, 1914 (7 U.S.C. 343(d)) for administration, technical, and other services for coordinating the extension work of the Department and the several states, territories, and possessions the remainder shall be allocated among the states as follows:

1. 1862 Institutions shall receive a base in an amount equaling their FY 1981 allocation.
2. Four percent shall be available for administrative expenses.
3. $100,000 will be distributed to each 1862 and 1890 Land-Grant Institution including the University of the District of Columbia.
4. 15 percent of funds appropriated for EFNEP in excess of funds appropriated in FY 2007 will be allocated to the 1890 Institutions in an amount that bearing the same ratio to the population living at or below 125 percent of the poverty level (as prescribed by the Office of Management and Budget and as adjusted pursuant to section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2)) in the State where the 1890 Institution is located; bears to the total population living at or below 125 percent of the poverty level in all states where 1890 Institutions are located; as determined by the most recent American Community Survey at the time when the appropriated amount first exceeds levels appropriated for EFNEP in FY 2007.
5. The remainder will be allocated to each State in an amount that bears the same ratio to the total amount allocated as the population living at or below 125 percent of the poverty level in the State; bears to the total population living at or below 125 percent of poverty level in all States as determined by the most recent decennial census at the time at which each such additional amount is first appropriated.

B. Purpose
The purpose of this funding is to increase the impact of nutrition education disseminated to low-income families and youth in the 50 states, the U.S. territories, and the District of Columbia.
EFNEP should constitute the employment and training of professional and paraprofessional (peer educator) staff to engage in direct nutrition education and other appropriate nutrition education efforts, such as supporting technology, with low-income families and youth. To the maximum extent practicable, peer educators shall be hired from the “indigenous target population1.”

EFNEP serves two primary low-income audiences: 1) families with young children (parents and other caregivers with primary responsibility for feeding young children); and 2) youth/children (grade range - kindergarten through 12th grade). Young adults with limited financial resources would also be appropriate for EFNEP, as they may become parents in the near future.

The priorities of EFNEP are to assist low-income families and youth in acquiring knowledge, skills, attitudes, and changed behaviors necessary for nutritionally sound diets and to contribute to their personal development and improvement of the total family diet and nutritional well-being. Participation in EFNEP should result in improved diets and nutritional well-being of the total family.

1. Individuals and families should experience improvements in four core areas:
   a. Diet Quality and Physical Activity—Improved diets and nutritional and physical well-being through the adoption of federal food and physical activity recommendations.
   b. Food Resource Management—Increased ability to buy, grow, or otherwise appropriately obtain, prepare, and store food that meets nutritional needs.
   c. Food Safety—Improved household food safety and sanitation practices.
   d. Food Security—Increased ability to get food directly—and from food assistance programs where necessary—to ensure having enough healthy food to eat.

2. Community involvement with EFNEP should result in:
   a. Increased referrals across programs, organizations, and community groups to address participants’ needs and to strengthen universities’ capacity with respect to EFNEP’s four core areas.
   b. Increased coordination, cooperation, and collaboration between universities and communities to accomplish local and state identified priorities associated with EFNEP’s four core areas.

EFNEP aligns with the following:

USDA Strategic Plan FY 2022-2026 found at

**Strategic Goal 4:** Provide All Americans Safe, Nutritious Food

**Objective 4.1** Increase Food Security Through Assistance and Access to Nutritious and Affordable Food

D. Funding Restrictions

1. Use of Funds Limitation
   No portion of the funds allocated under this grant will be applied, directly, or indirectly, to the purchase, erection, preservation, or repair of any building or buildings, or the purchase or rental of land, or in college course teaching, lectures in college, or any other purpose not specified in the program legislation.

2. Approved NIFA EFNEP Projects/Programs
   EFNEP federal funding must be used on NIFA approved EFNEP projects/programs.

3. Indirect Costs and Tuition Remission
   In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as EFNEP capacity grant expenditures. Further, costs that are a part of an institution's indirect cost pool (e.g., administrative or clerical salaries) may not be reclassified as direct costs for the purpose of making them allowable.

4. Carryover of Funds
   EFNEP extension funds are expected to be fully expended in the fiscal year of appropriation; however, up to 100 percent of funds may be carried over for up to four years after the end of the year for which they were appropriated. No prior approval is required.

E. Other Submission Requirements

Unique Entity Identifier (UEI) and System for Award Management (SAM) – each applicant (unless excepted under 2 CFR 25.110(b) or (c)), or has an exception approved by the federal awarding agency under 2 CFR 25.110(d)) is required to:

1. be registered in SAM before submitting an application.
2. provide a valid UEI number in its application; and
3. continue to always maintain an active SAM registration with current information at all times during which the applicant has an active federal award, an application, or plan under consideration by a federal awarding agency.

If you have not complied with all applicable UEI and SAM requirements, you may be considered unqualified to receive an award.

Your SAM registration information determines your organization ID in the ezFed Grants system, and the information must match your ASAP recipient UEI and EIN.
PART V—APPLICATION REVIEW REQUIREMENTS

A. General
NIFA will review submitted documents to determine if all program, financial, and administrative requirements are met and are current. Missing or incomplete information within an application may require additional submittals and deletion of application(s) already submitted.

B. Organizational Management Information
Specific applicant organizational management information shall be submitted on a one-time basis, with updates submitted as needed. If this information has not been submitted under this or another NIFA program, it is the responsibility of the organization to do so for determination of eligibility prior to the award of a grant identified under this RFA.

NIFA will provide the forms to fulfill these requirements as part of the Pre-Award process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination an applicant is not responsible based on submitted or discovered organizational management information).
PART VI—AWARD ADMINISTRATION

A. General
Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to eligible applicants.

B. Award Notice
The notice of federal award is the authorizing document. The award document will provide pertinent instructions and information as described in 2 CFR 200.211 (see NIFA’s Terms and Conditions). Awardees should ensure that a copy of the Notice of Award, as well as all future amendments, are retained within their institutional systems.

C. Administrative and National Policy Requirements
Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, those listed at USDA/NIFA Federal Regulations. Unless specifically noted by statute or award-specific requirements, NIFA Federal Assistance Policy Guide applies to all NIFA awards.

D. Expected Program Outputs and Reporting Requirements
Institutions receiving EFNEP funding from NIFA, are required to submit the following reports:

1. 5-year Plans or Annual Updates (depending on cycle)
2. Preliminary Budget Costs with Justification
3. Final Budget Costs with Justification
4. WebNEERS End of Year Data
5. Federal Financial Reports (SF-425)

Using the Web-based Nutrition Education Evaluation and Reporting System (WebNEERS), the 5-Year Plans or Annual Updates (depending on the cycle) and Preliminary Budget Costs with Justification are due July 1, 2024, for FY 2025. The majority, 51 percent or more, of the total annual Federal appropriation to each institution is to be used for paraprofessional personnel and their support costs. Budget estimates will be based on FY 2024 university allocation amounts. These reports must be approved for first quarter, and subsequent, for funds to be released.

Using WebNEERS, the Final Budget Costs with Justification, based on the final allocation amounts for FY 2024 are due 45 days after the final allocations are published. The majority, 51 percent or more, of the total annual Federal appropriation to each institution is to be used for paraprofessional personnel and their support costs. The actual due date will be announced over the EFNEP listservs. This report must be approved for quarterly payments to be released. Which specific quarter that may be held is contingent on the publication date of the final allocation amounts.

Using WebNEERS, the institution’s evaluation data for the previous fiscal year (FY 2022) is due November 1, 2023. This data submission must be approved for second quarter, and subsequent, payments to be released.
Instructions for submitting reporting requirements through WebNEERS are available on the EFNEP Reporting Requirements Webpage – WebNEERS. If you need information about or access to WebNEERS, contact your university’s EFNEP Coordinator. All program-specific reporting requirements must be received and approved by NIFA program staff before funds can be released.

Federal Financial Report (SF-425) – Federal Financial reporting via the SF-425, is due within the ezFedGrants portal, at minimum on an annual basis. Please see your Notice of Award for information on additional required SF-425’s that may be required throughout the life of the award. Information on how to access the ezFedGrants portal can be found on the ezFed Grants (eFG) Grants and Agreements System Overview page.

Program Coordinators, or their designees, are required to: 1) fully participate in the National EFNEP conference held annually in the DC area unless a virtual conference becomes a necessity; 2) actively participate in all webinar and other trainings as required by the Federal Office; and 3) read and respond (if requested) in a timely manner to messages sent by the Federal Office to Program Coordinators/their designees either directly or via the National EFNEP listservs.

Section 4019 of the Agriculture Improvement Act of 2018 (Pub.L.115-334) requires the Administrator of the Food and Nutrition Service, in consultation with the Director of NIFA, to annually submit a report to Congress on the level of coordination between the nutrition education and obesity prevention program (a.k.a. Supplemental Nutrition Assistance Program – Education, (SNAP-Ed)), EFNEP, and any other nutrition education program administered by the Department of Agriculture.

See the USDA NIFA home page for EFNEP for additional details of reporting requirements.
