A. Legislative Authority and Background

The Hatch Act of 1887 ([7 U.S.C. 361a-i](#)) provides the basis for federal funding for agricultural research activities at the State Agricultural Experiment Stations in the 50 states, the District of Columbia, and the Insular Areas.

Not less than 25 percent of the total Hatch Act of 1887 ([7 U.S.C. 361c\(c\)\(3\)](#)) funding is allotted to the states for cooperative research employing multidisciplinary approaches in which a State agricultural experiment station, working with another State agricultural experiment station, the Agricultural Research Service, or a college or university, cooperates to solve problems that concern more than one state. These funds are designated as the “Multistate Research Fund.” Funds are allocated on a pro rata basis and allocations are adjusted to support national and regional projects. These projects and their associated budgets are reviewed and approved annually.

B. Purpose

The purpose of Hatch Act funding is to conduct agricultural research programs at State Agricultural Experiment Stations in the 50 States, the District of Columbia, and the Insular Areas. The Hatch Multistate Research Fund purpose is to conduct cooperative research employing multidisciplinary approaches in which a State Agricultural Experiment Station, working with another State Agricultural Experiment Station, the Agricultural Research Service, and/or a college or university, cooperates to solve problems that concern more than one state.

The Hatch Act of 1887 Multistate Research Fund is aligned with the following:

PART II—AWARD INFORMATION

A. Available Funding

This RFA is being released prior to the enactment of a FY 2024 Appropriations Act. Subject to any FY 2024 Continuing Resolution, NIFA will distribute funds to the institutions according to the amounts allocated in FY 2023. NIFA will adjust the allocations for FY 2024 once appropriations are finalized. The amount available for support of this program in FY 2023 was \$60,940,015.

The [Automated Standard Applications for Payment System \(ASAP\)](#), operated by the Department of Treasury’s Bureau of the Fiscal Service, will be the payment system for all NIFA grant awards. Questions or concerns regarding the ASAP system and its functionality or use should be sent to ASAPCustomerService@usda.gov for the quickest resolution.

B. Type of Application

Applications for FY 2024 are limited to “new” applications.

C. Responsible and Ethical Conduct of Research

In accordance with sections 2, 3, and 8 of [2 CFR Part 422](#), institutions that conduct USDA-funded extramural research must foster an atmosphere conducive to research integrity, bear primary responsibility for prevention and detection of research misconduct, and maintain and effectively communicate and train their staff regarding policies and procedures. In the event an application to NIFA results in an award, the Authorized Representative (AR) assures, through acceptance of the award that the institution will comply with the above requirements. Award recipients shall, upon request, make available to NIFA the policies, procedures, and documentation to support the conduct of the training.

See [Responsible and Ethical Conduct of Research](#) for further information.

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

The following list of State Agricultural Experiment Stations located in the 50 States, the District of Columbia, and the Insular Areas that conduct agricultural research in accordance with the multistate research fund provisions of the Hatch Act of 1887 ([7 U.S.C. 361a-i](#)) are eligible for the Hatch Multistate Research Fund. Award recipients may subcontract to organizations not eligible to apply provided the subcontracts are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration, or even though an application may have been reviewed, will preclude NIFA from making an award.

B. Cost Sharing or Matching

Section 3(d)(1) of the Hatch Act of 1887 ([7 U.S.C. 361c\(d\)\(1\)](#)) is summarized with regard to institutions where no allotment shall be made to a State under subsection (b) or (c) of the regulation, and no payments from the allotment provided shall be made to a State, in excess of the amount the State makes available out of non-federal funds for agricultural research and the establishment and maintenance of facilities for the performance of the research. However, section 3(d)(4) ([7 U.S.C. 361c\(d\)\(4\)](#)) provides the following: the insular areas of the Commonwealth of Puerto Rico, Guam, and the Virgin Islands of the United States and the District of Columbia shall provide matching funds from non-Federal sources in an amount equal to not less than 50 percent of the formula funds distributed by the Secretary to each of the insular areas ([7 U.S.C. 3103\(12\)](#)), respectively, and the District of Columbia under this section. The Secretary may waive the matching fund requirement [of 50 percent] for any fiscal year if the Secretary determines the government of the insular area or the District of Columbia will be unlikely to meet the matching requirement for the fiscal year.

Matching Funds Requirements for Agricultural Research and Extension Capacity Funds at 1890 Land-grant Institutions, including Central State University, Tuskegee University, and West Virginia State University, and at 1862 Land-grant Institutions in Insular Areas are published at [7 CFR 3419](#).

[7 CFR 3419.6](#) states that “The required matching funds for the capacity programs must be used by an eligible institution for the same purpose as Federal award dollars: Agricultural research

and extension activities that have been approved in the plan of work required under sections 1445(c) and 1444(d) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, section 7 of the Hatch Act of 1887, and section 4 of the Smith-Lever Act. For all programs, tuition dollars and student fees may not be used as matching funds.” Projects funded by non-federal funds intended to be utilized as match are subject to the provisions found in [2 CFR Part 200](#) – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the [NIFA Federal Assistance Policy Guide](#) and the [NIFA Capacity Specific Terms and Conditions](#).

[7 CFR 3419.3](#), Limited Waiver Authority, and [7 CFR 3419.4](#), applications for waivers for both 1890 Land-grant Institutions and 1862 Land-grant Institutions in insular areas, address the criteria an institution must meet to be granted a waiver as well as the process and supporting documentation required for submitting a waiver. See [Part IV, B, 6 b](#) of this RFA for additional instructions about how to request a waiver. Until a matching waiver is approved by NIFA, the amount of the required matching funds identified in the application as well as matching documentation must be the same as listed in [Appendix A](#). Documentation of any other amount will cause the application to be returned and corrected resubmission will be required.

D. Funding Restrictions

1. Approved NIFA Hatch Multistate Research Fund Projects

Hatch Multistate Research Funds may only be used on approved Hatch Multistate Research Fund projects.

2. Indirect Costs and Tuition Remission

In accordance with section 1473 of NARETPA ([7 U.S.C. 3319](#)), indirect costs and tuition remission are unallowable as Hatch Multistate Research Fund capacity grant expenditures. Further, costs that are a part of an institution's indirect cost pool (e.g., administrative or clerical salaries) may not be reclassified as direct costs for the purpose of making them allowable.

3. Carryover of Funds

Hatch MRF funds are expected to be fully expended in the fiscal year of appropriation; however, up to 100 percent of funds may be carried over for up to one year after the end of the year for which they were appropriated. No prior approval is required.

4. Retirement Contributions

Employer contributions to land-grant college retirement systems are limited to 5 percent of that portion of the salaries paid, under this award, to employees who participate in the system ([7 U.S.C. 331](#)) and are subject to the other conditions in [7 U.S.C. 331](#). Note the 5 percent limitation does NOT apply to any state or individual contribution. Contributions of funds under this award may not exceed the contributions from non-Federal sources made by or on behalf of the individual concerned. See Section VI of the [NIFA Federal Assistance Policy Guide](#) for additional information.

E. Other Submission Requirements

Unique Entity Identifier (UEI) and System for Award Management (SAM) – each applicant (unless excepted under [2 CFR 25.110\(b\) or \(c\)](#), or has an exception approved by the federal awarding agency under [2 CFR 25.110\(d\)](#)) is required to:

1. be registered in SAM before submitting an application;
2. provide a valid UEI number in its application; and
3. continue to always maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency.

If you have not complied with all applicable UEI and SAM requirements, you may be considered ineligible to receive an award.

Your SAM registration information determines your organization ID in the [ezFedGrants](#) system, and the information must match your ASAP recipient UEI and EIN.

PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements are met and are current. Missing or incomplete information within an application may require additional submittals and deletion of application(s) already submitted.

B. Organizational Management Information

Specific applicant organizational management information shall be submitted on a one-time basis, with updates submitted as needed. If this information has not been submitted under this or another NIFA program, it is the responsibility of the organization to do so for determination of eligibility prior to the award of a grant identified under this RFA.

NIFA will provide the forms to fulfill these requirements as part of the Pre-Award process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination an applicant is not responsible based on submitted or discovered organizational management information.)

PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to those eligible applicants.

B. Award Notice

The notice of federal award is the authorizing document. The award document will provide pertinent instructions and information as described in [2 CFR 200.211](#) (see [NIFA's Terms and Conditions](#)). Awardees should ensure a copy of the Notice of Award, as well as all future amendments, are retained within their institutional systems.

C. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, those listed at [USDA/NIFA Federal Regulations](#). Unless specifically noted by statute or award-specific requirements, [NIFA Federal Assistance Policy Guide](#) applies to all NIFA awards.

D. Expected Program Outputs and Reporting Requirements

Organizations receiving Hatch Multistate Research Fund funding from NIFA are required to submit the following reports:

1. FY 2025 Plan of Work (POW) update;
2. FY 2023 Annual Report of Accomplishments and Results (Annual Report);
3. Program/Project Initiation in the NIFA Reporting System (NRS);
4. Program/Project progress reports;
5. Project Financial Report;
6. OGFMS Supplemental; and
7. Federal Financial Report (SF-425)

The FY 2025 POW update is due June 1, 2024 and the FY 2023 Annual Report is due by April 1, 2024. Program/Project Initiations and Progress Reports are to be completed by any institution who has been granted authority to use capacity dollars. NIFA is building an integrated reporting portal for research and extension grants.
