EXECUTIVE SUMMARY: The National Institute of Food and Agriculture (NIFA) requests applications for the FY 2013 formula grants authorized under sections 3(b) and 3(c) of the Smith-Lever Act for cooperative extension programs. These funds are used by institutions eligible to receive funds under the Act of Congress approved July second, eighteen hundred and sixty-two, entitled “An Act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts” (Twelfth Statutes at Large, page five hundred and three) (“1862 Land-grant Institutions”), for the development of practical applications of research knowledge and giving of instruction and practical demonstrations of existing or improved practices or technologies in agriculture, uses of solar energy with respect to agriculture, home economics, and rural energy, and subjects relating thereto to persons not attending or resident in 1862 Land-grant Institutions in the several communities, and imparting information on those subjects through demonstrations, publications, and otherwise and for the necessary printing and distribution of information in connection with the subjects. The amount available for this program in FY 2013 is $271,124,607 and is subject to change upon final Appropriation.

This notice identifies the objectives of the cooperative extension program authorized under sections 3(b) and 3(c) of the Smith-Lever Act, the eligibility criteria for programs and applicants, and the application forms and associated instructions needed to apply for a FY 2013 formula grant authorized under the sections 3(b) and 3(c) of the Smith-Lever Act for cooperative extension programs. NIFA additionally requests stakeholder input from any interested party for use in the development of the next Formula Grant Opportunity (FGO) for this program. What’s New for FY 2013?

• In July 2012, the System for Award Management (SAM), a new system that combines eight federal procurement systems, including the Central Contractor Registry (CCR), and the Catalog of Federal Domestic Assistance (CFDA) into one new system, was implemented. Therefore, the CCR activities are now being conducted through SAM. See Part VI B. for additional information.

• New Application Attachment Filename Requirement. Attachment Filename Characters are now validated and enforced. Beginning August 15, 2012, applicants are now limited to using the following characters in all attachment file names. Valid file names may only include the following **UTF-8 characters:** A-Z, a-z, 0-9, underscore (_), hyphen (-), space, period.

  **Note:** If applicants use any other characters when naming their attachment files their applications will be rejected.

• The FY 2013 formula grant awards will be disbursed through the Automated Standard Application for Payment System (ASAP) operated by the Department of Treasury’s Financial Management Service. Applicants must ensure ASAP recipient ID information provided on the SF 424 R&R (Research and Related) is correct as NIFA will use this information to certify funds in ASAP. NIFA will no longer move ASAP funds between institutional accounts. Applicants can receive instructions on how to access ASAP and how to inform NIFA, Financial Operations Division (FOD) of their account number to use to make disbursements by emailing the ASAP Customer Service email box at ASAPCustomerService@nifa.usda.gov.

• There will be single (final) Grants.gov submission in FY 2013. The funding amount provided in this FGO is an amount determined by NIFA and is subject to change upon final Appropriation.

• The Application Package for this submission will include:
  o Application for Federal Assistance, Standard Form (SF) 424 Research and Related (R&R)(Required)
  o NIFA Supplemental Information Form (Required)
    NIFA will use the Supplemental Information Form to capture all necessary attachments for this submission of the SF 424 R&R application (i.e., matching waiver requests (via pdf attachment)).
  o NIFA will be capturing the information for three key contacts, and each organization will determine who those individuals are.
    ▪ Block 5 should reflect the person responsible for fiscal/financial issues.
- The Authorized Representative (AR)\(^1\) must have the authority to represent and bind the organization for any agreement.

- The name of the Project Director will be reflected on the NIFA-2009, “Award Face Sheet”, and NIFA suggests that the State Extension Director would be an appropriate person.

- NIFA plans to issue all FY 2013 Formula Grants on the NIFA-2009 form. This form is also used to issue non-formula grants.

- For formula grants issued in FY 2013, the grantee is required to submit an annual SF-425, Federal Financial Report (this form consolidates and replaces four financial reporting forms; the SF-269, SF-269A, SF-272, and SF-272A). The grantee is NOT required to submit a quarterly SF-425 (the quarterly submission requirement, however, exists for previously issued grants with DHHS as the designated payment system). When completing the SF-425, the Project/Grant Period in Block 8 must reflect the duration of the award (i.e., 5 years).

---

\(^1\) Authorized Representative (AR) – the individual who is authorized to commit the awardee’s time and other resources to the project, to commit the awardee to comply with the terms and conditions of the award instrument including those set out herein, and to otherwise act for or on behalf of the awardee institution or organization.

PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

Sections 3(b) and 3(c) of the Smith-Lever Act provide funding for agricultural extension programs at 1862 Land-grant universities.

States are eligible for funds appropriated under this Act according to the following formula: Out of each annual allocation, each State will be entitled to receive a sum of money equal to the sums available from Federal cooperative extension funds for the fiscal year 1962, and subject to the same requirements as to furnishing of equivalent sums by the State, except that amounts heretofore made available to the Secretary for allotment on the basis of special needs shall continue to be available for use on the same basis. Further, the University of Guam and the University of the Virgin Islands will receive $100,000 each in addition to the sums appropriated for the several States of the United States and Puerto Rico under the provisions of sections 3(b) and 3(c) of the Smith-Lever Act. Of the remainder so appropriated for each fiscal year 20 per cent will be paid to the several States in equal proportions, 40 per cent will be paid to the several States in the proportion that the rural population of each bears to the total rural population of the several States as determined by the census, and the balance will be paid to the several States in the proportion that the farm population of each bears to the total farm population of the several States as determined by the census. Any appropriation made under sections 3(b) and 3(c) of the Smith-Lever Act will be allotted in the first and succeeding years on the basis of the decennial census current at the time the appropriation is first made, and as to any increase, on the basis of decennial census current at the time such increase is first appropriated.

Under the Federal Funding Accountability and Transparency Act (FFATA), the U.S. Office of Management and Budget (OMB) was required to develop and maintain a public searchable database for all Federal financial assistance awards, and Federal agencies are required to report specific data elements which will be collected via these applications (e.g., Dun and Bradstreet data Universal Numbering (DUNS) numbers, legal name of institution, legal address, and congressional district). OMB makes this information available at http://www.usaspending.gov.

Please note that the submission of this application package does not change the following:

- Delegated authorities of the State Extension Director;
- How funds are managed at your institution;
- Indirect costs and tuition remission are unallowable costs; and
- Matching waiver authority of Smith-Lever section 3(b) and 3(c) funds for 1862 Land-grant Institutions in the Insular Areas.

Guidelines for the administration of this program are published as Chapter III, Financial Operations, of the Administrative Handbook for Cooperative Extension Work, which may be accessed at http://www.nifa.usda.gov/business/awards/formula/manuals/coopextension.pdf. Please note that any instructions in this FGO supersede policies and procedures identified in this manual. NIFA intends to revise the manual in FY 2013 and then promulgate administrative
provisions for this program through the formal rulemaking process which includes a public comment period.

**B. Purpose and Priorities**

The purpose of this funding is to conduct agricultural extension work.
PART II—AWARD INFORMATION

A. Available Funding

The Consolidated and Further Continuing Appropriations Act, 2013 (Public Law 113-6) provides funding in the amount of $271,124,607 in FY 2013 for this program. The FY 2013 allocation is subject to change upon final Appropriation.

Funds will be distributed to the institutions on a semi-annual basis in FY 2013. See Appendix A for the specific allocation. Applicants should request funding in the amounts listed in the Appendix A for their specific allocation.

Funds appropriated under sections 3(b) and 3(c) of the Smith-Lever Act are expected to be fully expended in the fiscal year of appropriation; however, funds may be carried over for up to four years after the end of the year for which they were appropriated.

B. Types of Submission

In FY 2013, applications for awards must be submitted to the Cooperative Extension Programs at 1862 Land-grant Institutions program as a “new” application on the www.grants.gov website. As noted previously, these application packages complement, rather than duplicate, the information collected via the Plan of Work (POW) system, and together satisfy all legislative and regulatory pre-award requirements.

Section 202 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) amended the Smith-Lever Act and the Hatch Act to require approved plans of work for agricultural extension and research activities at 1862 Land-grant Institutions in order to receive Federal funding. Therefore, each 1862 Land-grant Institution must submit both a 5-Year Plan of Work Update for FYs 2014-2018 (i.e., submitted each year as an update) and an Annual Report of Accomplishments and Results. Both reports were due by April 1, 2013.

C. Project Types

Applicants should request funding at the amounts listed in Appendix A to this announcement. Cooperative extension programs at 1862 Land-grant Institutions are identified in approved 5-Year Plans of Work. These activities should consist of the development of practical applications of research knowledge and giving of instruction and practical demonstrations of existing or improved practices or technologies in agriculture, uses of solar energy with respect to agriculture, home economics, and rural energy, and subjects relating thereto to persons not attending or resident in 1862 Land-grant Institutions in the several communities, and imparting information on those subjects through demonstrations, publications, and otherwise and for the necessary printing and distribution of information in connection with the subjects.
PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Applications may be submitted by the following 1862 Land-grant Institutions: Auburn University, University of Alaska-Fairbanks, American Samoa Community College, University of Arizona, University of Arkansas, University of California, Colorado State University, University of Connecticut, University of Delaware, University of Florida, University of Georgia, University of Guam, University of Hawaii, University of Idaho, University of Illinois, Purdue University, Iowa State University, Kansas State University, University of Kentucky, Louisiana State University, University of Maine, University of Maryland-College Park, University of Massachusetts, Michigan State University, College of Micronesia, University of Minnesota, Mississippi State University, University of Missouri, Montana State University, University of Nebraska, University of Nevada-Reno, University of New Hampshire, Rutgers University, New Mexico State University, Cornell University, North Carolina State University, North Dakota State University, Northern Marinas College, Ohio State University, Oklahoma State University, Oregon State University, Pennsylvania State University, University of Puerto Rico, University of Rhode Island, Clemson University, South Dakota State University, University of Tennessee, Texas A & M University, Utah State University, University of Vermont, Virginia Polytechnic Institute & State University, University of the Virgin Islands, Washington State University, West Virginia University, University of Wisconsin, and University of Wyoming.

Award recipients may subcontract to organizations not eligible to apply for funding provided that such arrangements are necessary to complete the project.

B. Cost Sharing or Matching

Section 3(e)(1) of the Smith-Lever Act (7 U.S.C. §343(e)(1)) states, with regard to institutions in the 50 states, “no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-Federal funds for cooperative extension work.” However, section 3(e)(4) of the Smith-Lever Act (U.S.C. §343(e)(4)) provides that “Effective beginning for fiscal year 2003, in lieu of the matching funds requirement of paragraph (1), the insular areas of [American Samoa,] the Commonwealth of Puerto Rico, Guam, [Micronesia, the Northern Marian Islands,] and the Virgin Islands of the United States shall provide matching funds from non-Federal sources in an amount equal to not less than 50 percent of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. The Secretary may waive the matching fund requirement [of 50 percent] for any fiscal year if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year.”
PART IV—SUBMISSION INFORMATION

A. Electronic Formula Grants Opportunity Package

Only electronic applications may be submitted via Grants.gov to NIFA in response to this FGO.

Prior to preparing an application, NIFA suggests that the State Extension Director, or his or her designee, first contact an AR to determine if the organization is prepared to submit electronic applications through Grants.gov. If the organization is not prepared, the AR should see http://www.grants.gov/applicants/get_registered.jsp for steps for preparing to submit applications through Grants.gov.

The State Extension Director, or his or her designee, also must contact the institution’s AR in order to be granted permission for the submission of applications through Grants.gov. Once that permission is granted in the Grants.gov system, the State Extension Director, or his or her designee, can obtain a login and password necessary for submission of applications.

The steps to access application materials are as follows:

1. In order to access, complete and submit applications, applicants must download and install a version of Adobe Reader compatible with Grants.gov. This software is essential to apply for NIFA Federal assistance awards. For basic system requirements and download instructions, please see http://www.grants.gov/help/download_software.jsp. To verify that you have a compatible version of Adobe Reader, Grants.gov established a test package that will assist you in making that determination. Grants.gov Adobe Versioning Test Package:

2. The application package must be obtained via Grants.gov, go to http://www.grants.gov, click on “Apply for Grants” in the left-hand column, click on “Step 1: Download a Grant Application Package and Instructions,” enter the funding opportunity number USDA-NIFA-SLBCD-004255 in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

If assistance is needed to access the application page (e.g., downloading or navigating PDF forms, using Adobe with a Macintosh computer), refer to the resources available on the Grants.gov Web site first (http://www.grants.gov). Grants.gov assistance is also available as follows:

Only the AR has the authority and user rights to Save and Submit an application to Grants.gov. Additional submission tips may be found at the Grants.gov website.

**C. Certifications**

In addition, by signing the application the applicant is providing the required assurances noted below:

Each entity that applies and does not have an exemption under Sec. 25.110 of 2 CFR will:
(1) Be registered in the Central Contract Registry (CCR) prior to submitting an application or plan; (2) Maintain an active CCR registration with current information at
all times during which it has an active Federal award or an application or plan under consideration by an agency; and (3) Provide its DUNS number in each application or plan it submits to the agency.

The Grants.gov validation process checks for an active CCR registration (applicants with expired CCR registrations will be rejected).

In July 2012, the System for Award Management (SAM), a new system that combines eight federal procurement systems, including the CCR, and the Catalog of Federal Domestic Assistance into one new system, was implemented. Therefore, the CCR activities are now being conducted through SAM. See Part VI B. for additional information.

Each entity that applies and does not have an exception under Sec. 170.110(b) of 2 CFR ensures that they have the necessary processes and systems in place to comply with the reporting requirements identified in Appendix A to Part 170 should they receive funding.

D. Submission Dates and Times

The application package containing an “Application for Federal Assistance,” Form SF 424 Research and Related (R&R) and NIFA Supplemental Information Form is to be submitted online at the www.grants.gov website by COB (5:00 p.m. Eastern Time) on June 7, 2013.

The receipt of all applications will be acknowledged by e-mail. Therefore, applicants are strongly encouraged to provide accurate e-mail addresses via the www.grants.gov website.

If an applicant has not received an acknowledgment within 30 days of the submission, the applicant must contact the Agency contact (see Part VII) immediately and ask for the application number assigned to the application. Failure to do so may result in the application not being processed and funding being held. Once the application has been assigned an application number, this number should be cited on all future correspondence.

E. Funding Restrictions

(1) Program and Extension Activities

Smith-Lever Act sections 3(b) and 3(c) Federal funding may only be used for extension programs and an activity identified in the institution’s approved 5-Year Plan of Work.

(2) Matching

Section 3(e)(1) of the Smith-Lever Act (7 U.S.C. §343(e)(1)) states, with regard to institutions in the 50 states, “no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes
available out of non-Federal funds for cooperative extension work.” However, section 3(e)(4) of the Smith-Lever Act (& U.S.C. §343(e)(4)) provides that “Effective beginning for fiscal year 2003, in lieu of the matching funds requirement of paragraph (1), the insular areas of [American Samoa,] the Commonwealth of Puerto Rico, Guam, [Micronesia, the Northern Mariana Islands,] and the Virgin Islands of the United States shall provide matching funds from non-Federal sources in an amount equal to not less than 50 percent of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section..... The Secretary may waive the matching fund requirement [of 50 percent] for any fiscal year if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year.”

NIFA may consider and approve matching waivers submitted by Insular 1862 Land-grant Institutions (American Samoa, Guam, Micronesia, Northern Marianas Islands, Puerto Rico, and the Virgin Islands).

(3) Indirect Costs and Tuition Remission

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as Sections 3(b) and 3(c) of the Smith-Lever Act formula grant expenditures.

F. Other Submission Requirements

Plan of Work reporting requirements should be submitted to the Planning, Accountability, and Reporting Staff through the website established for this purpose (http://pow.nifa.usda.gov). Required submissions include the 5-Year Plan of Work Update for FYs 2014-2018 and the Annual Report of Accomplishments and Results. These reports were due April 1, 2013.

Form NIFA-REPT (Rev. 07/2010) Supplement to Annual Report of Accomplishments and Results, Multistate Extension Activities and Integrated Activities, must be submitted to the OGFM Formula Grants Branch. These reports were due by April 1, 2013 for fiscal year 2012.
PART V—SUBMISSION REVIEW REQUIREMENTS

The Planning, Accountability, and Reporting Staff and the OGFM Formula Grants Branch will be reviewing submitted documents to determine if all program, financial, and administrative requirements have been met and are current.
PART VI—AWARD ADMINISTRATION

A. General

The Planning, Accountability, and Reporting Staff will notify the OGFM Formula Grants Branch and the institution regarding each institution’s compliance with the Plan of Work reporting requirements (i.e., 5-Year Plan of Work Update and an Annual Report of Accomplishments and Results). If all program and administrative requirements have been met by the eligible institution, funding will be released on a semi-annual basis in FY 2013. The OGFM Formula Grants Branch will notify the institutions when all requirements have been met and approved.

B. Administrative and National Policy Requirements

Several Federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These include, but are not limited to:

7 CFR Part 15, subpart A — USDA implementation of Title VI of the Civil Rights Act of 1964, as amended.

7 CFR Part 3017 — USDA implementation of Governmentwide Debarment and Suspension (Nonprocurement)

CENTRAL CONTRACTOR REGISTRATION AND UNIVERSAL IDENTIFIER REQUIREMENTS

In accordance with the Office of Management and Budget guidance published in the Federal Register (FR), 75 FR 55671, on September 14, 2010, “Financial Assistance Use of Universal Identifier and Central Contractor Registration,” awardees must comply with the requirements of this award term.

Requirement for Central Contractor Registration (CCR)

Unless you are exempted from this requirement under 2 CFR 25.110, you as the recipient must maintain the currency of your information in the CCR until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at lease annually after the initial registration, and more frequently if required by changes in your information or another award term.

In July 2012, the System for Award Management (SAM), a new system that combines eight federal procurement systems, including the Central Contractor Registry (CCR), and the Catalog of Federal Domestic Assistance (CFDA) into one new system, was implemented. The CCR activities are now being conducted through SAM (the CCR website will redirect users to SAM). Those organizations that need to register are to now visit https://www.sam.gov/sam/. Those organizations that already have a CCR registration are to visit the SAM website and should note the following:

- You’ll create a new SAM User ID and Password.
- Your CCR permissions will be verified via your email account.
- Your CCR registration information (Entity Information) will be waiting for you in SAM.

Requirement for Data Universal Numbering System (DUNS) Numbers

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

   a. A Governmental organization, which is a State, local government, or Indian Tribe;
   b. A foreign public entity;
   c. A domestic or foreign nonprofit organization;
   d. A domestic or foreign for-profit organization; and
   e. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.

4. *Subaward:*
   a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
   b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec .210 of the attachment to OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations”).
